Big Brother:I may have had the most original big brother in history. He was truly the last of the cowboys. His wit and grit made him an original and I was privileged to call him brother. I remember when I was just a little fellow how good it was to know I had someone big and strong looking out for me. And look out for me he did - whenever I needed anything he was there for me. I will always have a talisman upon my heart. Brother Bob
