Susan has been a client of mine for at least 9 years and I would see her almost every 4 weeks. During that time she became like an aunt to me. We always shared stories about my nephew and her grandson Paxton. I loved hearing about her family trips and how thankful she was when Eric would buy her a gift certificate to the spa. She was always very pleasant to be around. She was also very funny, just a unique lady. I will miss her very much. My heart is very sad that it had to come this soon. I wish the best for the hearts in her family to heal the best they can and make the memories she would want for them. Love you Susan! Brooke

I grew up with Susan in Slaton, Texas where we attended school together for 12 years. Our families had known each other as well, going back a generation. We spent many hours at each other's house and played thousands of games of canasta. We also managed to get in trouble together more times than I care to remember... I will treasure my childhood memories of her. I'm glad I got to see her at our class reunion two years ago after so many years. I send deepest condolences to Susan and all of the family.
