## When I'm Gone

When I come to the end of my journey  
And I travel my last weary mile  
Just forget if you can, that I ever frowned  
And remember only the smile  
Forget unkind words I have spoken  
Remember some good I have done  
Forget that I ever had heartache  
And remember I've had loads of fun  
Forget that I've stumbled and blundered  
And sometimes fell by the way  
Remember I have fought some hard battles  
And won, ere the close of the day  
Then forget to grieve for my going  
I would not have you sad for a day  
But in summer just gather some flowers  
And remember the place where I lay

And come in the shade of evening  
When the sun paints the sky in the west  
Stand for a few moments beside me  
And remember only my best

Greg, I still remember the first day I met you, even though we didnt like each other that day you quickly won my frendship with your humor. I will always cherish all the fun, the road trips, Taco Tuesdays, so many fun moments , we always drew a crowd. You will always be with me in my heart. I bet Lucky was happy to see you! Love you, "my arms getting tired."

Gregory your laugh will resonate with me forever. Your infectious smile will never be forgotten. Your unwillingness to let me dress you up in costumes (which you always gave in) will keep me searching for funnier ones. You Gregory will always remind me of what true friendship means. Woooo!
