Sending My condolences to all of Denise's family. When I was 5 - 6 your family moved next door to mine and we became each others second families. I remember you coming in the house and plopping money in the cuss jar before you would even open your mouth. I thought you were so bad ass and loved everything about you. I can still hear you sing Tennessee Flat top box and Reba. I had so many experiences and have so many years of memories thanks to you and for that I am so grateful.I haven't talked to you in years and wish I could have said Thank you and I love you one more time.Love,ToTo

My memories of dear Denise go way way back to Ryan's Corner, downtown St. Paul and marrying Jay and we were young and wreckless but had so much fun. Then we all parted ways then we found you again at Harriet Island on your boat, and that was so much fun! You Rest In Peace my friend. Our prayers to all.

Its difficult to imagine a world without my mom. The love she gave was more powerful than all of the suns in the universe combined. She showed us the light in the dark even when her sight was failing. She was selfless and forgiving. She gave us strength to pull through the toughest times. And when she smiled we all smiled with her. Everyone that has ever known her was so loved by her. There was a story and a memory for all. She is my best friend and I miss her tremendously. Thank you to my Uncle Ron and Andrea for everything they've done to put her to rest the way she wanted to be. Thank you to everyone for the love and support in this extremely challenging time. Feel better now Mommy. Go see the sights. I love you.
