My heart goes out to your family as you celebrate the life of your beloved Mary. I pray that you find comfort in the many wonderful memories that you shared together in this life on earth. My hope is that you find peace in your own heart so that your load will be lessened. Please take care of one another always.##imported-begin##Judy Decker Kowalczyk##imported-end##

My dear sweet sister in law, In our lives we shared many things. Raising our kids, the good times and the bad. We laughed over stupid things we did like two little girls. We would run all over town looking for just the right christmas cherries. And for sure no one could cook like aunt mary. I miss you my friend and love you with all my heart. Hug my moma and chuck for me. And please reach out for me when its my time to come home I love you forever##imported-begin##Mary Ann Colson##imported-end##

Sweet Angel, You loved me as your own for all of my life and for that I will be eternally grateful. You showed me love when others thought it wasn't important. I will always remember you and keep your memory alive in myself and my children. Oh how they loved their Aunt Mary! Be a good girl and give my Daddy hugs from me everyday! I Love you Brat!##imported-begin##Stephanie##imported-end##

My dearest wife and partner for life;I have loved you from the very beginning and will continue forever. you have fought a long and hard battle and now you won't have to fight any more, because you now have a healthy body now. I love you with all of my heart and I will miss you forever but I know you are in a better place now with no more pain. I love you.##imported-begin##George Colson##imported-end##

Fly high with the Angels momma...I will think of you and miss you everyday for the rest of my life. I miss you so much right now that I wonder how I am supposed to get through. The only peace that I find is that you are no longer suffering and that I will see you again soon. Can't wait till we meet up again. I love you for Eternity##imported-begin##Pat Griffeth##imported-end##
