“ Joan, Carolyn, Ann, Norma, Gloria, Jean, Marilyn. We were the 7 "girls" who went all the way through school together, kept a round robin letter going for 70 years, and met usually annually in various places for a fun reunion. We had marveled that we were all still living at nearly 90, and even 4 husbands until one passed in May this year. So time has caught up with us. I wish we could have been with you, Joan and Dan. We weren't ready to lose you. Marilyn Clark, Lake St. Louis, MO
