

Terrill Ann Bergin

April 11, 1945 - October 13, 2018

Terrill Ann Bergin, 73, of Sun City Center passed away on Saturday, October 13th, 2018 with family by her side. She was born to the late Edwin Rine and the late Betty (Rine) Dillon on April 11th, 1945.

Terrill always shared fond memories of family and friends from her upbringing in Bath, NY. It was in Bath that she met a handsome, young man, named Rick, who later became her husband of 53 years. Terrill was a graduate of Haverling High School, Class of 1963, followed by Central City Business Institute in Syracuse, NY. After graduation, she held a position with Corning Glassworks and wed her husband, Richard. A few years later, the couple moved to Johnson City, NY and soon after purchased their first home in nearby Endicott. It was there that she and Richard raised their daughter, Amy and were blessed with many life long friends. Their door was always open and became a gathering place for anyone who wanted to stop in or come for a visit. After 27 years, the Florida sunshine called. Terrill and Rick had homes in Plant City, Wesley Chapel and for the last 8 years, Sun City Center, which she always took great pride and found happiness in decorating. In addition to being a loving wife and mother, Terrill was a wonderful friend to many, often putting the needs of others above her own. She was always there to help and did so with a smile. Terrill was also an amazing grandmother to her three grandsons, Alex, Chris and Billy beaming with pride whenever she spoke of them. Terrill always looked forward to trips with family, her sister and best friend, Kay, and her annual beach trip with her husband where the couple had made numerous friendships over the last 13 years. The beach was her happy place.

Terrill is survived by her husband, Richard, her daughter Amy Lee and husband, Bill. She is also survived by her three grandchildren, Alex Morton, Chris Morton and Billy Lee, as well as many loving relatives and friends.

A small, private service will be held at Skyway Memorial Gardens for friends and family. The family wishes to thank all of those who have embraced them with love and support through this difficult time.

“ Huck & I met Terri & Rick many, many moons ago through racing in Oswego, NY. Happy memories and sad thoughts that there will be no more made with this wonderful lady. She was a great friend. I will miss you dearly, as will everyone else. Sending love from the great white north. Linda

“ I am Terrill's brother. As one of her two siblings, I have memories of her that go back nearly 70 years, I remember when I was four years old, taking turns sitting in a large washtub full of cool water, in front of our apartment. I remember going to the hospital with Dad and Terrill to see our new baby sister for the first time. I remember her playing jacks, hopscotch, and jumping rope with her young girl friends. I remember her with her new purple hula hoop, which was the first one that I ever saw. I remember riding in the car with Dad and Terrill, while taking her first boyfriend home. He lived in the country on Blueberry Hill. Most of the way home Dad sang, "I found my thrill on Blueberry Hill, I found my thrill when I found you". Even Terrill thought it was funny. I remember her frantically calling our parents, who were visiting friends, while Kay and I held up the Christmas tree which had fallen over. I remember playing table hockey with her and that she always won. I remember riding rides at Roseland Park, roller skating at the church school, and rowing in Grandpa's row boat, while wearing huge orange life vests. I remember playing Elvis records until I couldn't stand it. I remember her teaching me the box step before my first dance, and later the twist. I remember her teaching me to dive at a motel swimming pool in Virginia. I remember her 16th birthday party, her high school graduation, and her wedding. I remember how proud she was when she bought her first car, which unfortunately turned out to be a lemon. I remember countless holidays together. I could go on and on. She was my big sister. We grew up together in the same household, and shared many memories. When we became adults, sometime large distances separated us, but we stayed in touch over those distances and those years. I choose to remember the happy times, which were many.

“ For many years she, Rick, Kay and Arthur would meet with my mother at the beach and would sit for hours playing games. I can still hear everyone laughing at someone trying to cheat. Terrill was always there for me in good times and bad and I will miss our weekly talks.

“ My sister, my best friend. I miss you terribly. Our awesome trips, our nightly talks, our family gatherings, our fun and funny euchre games. Play you Yahtzee for a quarter! Took me years to find out your Z was marked in scrabble lol. My heart hurts from missing you. But I will remember all the wonderful memories we shared. Love you
Kay

“ Dear Rick, Amy and family,
What a beautiful smile she had and even tried to keep it during her worst days when she felt so terrible..A wonderful friend she was to us and we are sad to see her go to the Lord and a much more peaceful place but we know she is now pain free and happy.
May she rest in the loving arms of our Gracious Lord forever.
